

Ford Relief Plane Reaches Greenly Bay

Carries Repair Parts for Marooned Transatlantic Plane Bremen—Makes 500 Mile Trip in Six and One-Half Hours—Chamberlin Also Starts for Island.

Montreal, April 23 (AP).—The Ford relief plane carrying spare parts to the marooned transatlantic monoplaner Bremen landed on Greenly Island at 11:40 eastern standard time this morning, the Marconi Company here announced.

The relief plane, piloted by Bernt Balchen and Major James Fitzgibbon, Irish member of the Bremen's crew, left Seven Islands, about 500 miles from Greenly Island, at 5:10 o'clock this morning.

Chamberlin Makes Start. Hartford, Conn., April 23 (AP).—Clarence Chamberlin, transatlantic pilot, left here at 10:05 this morning for Greenly Island, where he will welcome the crew of the Bremen.

Forced to Land Sunday. Murray Bay, Que., April 23 (AP).—Carrying a Junkers mechanic, and parts and fuel for the German plane, Fitzgibbon and Balchen were forced to land at Seven Islands after an early Sunday morning take-off from the Lake St. Asnes airport near here and a flight of 250 miles. The fliers had hoped to win through to the Bremen in one hop.

Already delayed by the illness of Lord Bennett, who flew the relief plane here from Detroit, the Irish commander and his companion have a battle against time as the spring weather threatens to soften up the ice, which would make a take-off at Greenly Island difficult.

Commander Richard E. Byrd, who accompanied the North Pole flight two years ago, decided to come to Quebec, from Boston, alarmed by reports of his friend's illness. Mrs. Bennett and Dr. A. L. Barach, lung specialist, were summoned from New York city.

Carries Food and Wine. In addition to the repair parts and fuel for the German plane the Ford relief plane carries a well-stocked larder which will give the German members of the Bremen's crew a refreshing taste of civilization once more. Their Irish comrade already has known the delights of good food and rest on his journey out for aid.

There are cigars and pipe tobacco for the Baron, cigarettes for Captain Koehl and several brands of wine and beer for both. A small stock of food was sent, including gelatine of chicken, some beef for roasting, oranges, apples and biscuits.

Major Fitzgibbon also purchased a wardrobe for the two Germans, including underwear, socks, shirts and collars.

Bennett Shows No Improvement.

Quebec, April 23 (AP).—The condition of Lord Bennett, co-pilot of the Ford relief plane, continued serious today. He is in the Jeffery Hale Hospital here, suffering from pneumonia and inflammation of the bronchial tubes. Dr. W. H. Delaney, who is attending Bennett reported that the flier passed a restless night and showed no improvement.

Burgher Dropped Dead in Cellar

Janitor of Kingston Coal Company on Thomas Street Found Lying Dead on Cellar Floor—Death Due to Heart Failure.

Augustus H. Burgher of 139 Janes avenue, employed at the office of the Kingston Coal Company at 11 Thomas street, as janitor, dropped dead on the cellar floor shortly after 10 o'clock this morning.

Mr. Burgher had complained of heart attacks of late, but this morning appeared to be in usual health. He was in the cellar where he was attending to the heating system. Shortly after 10 o'clock one of the girls in the office had occasion to go to the cellar to look up some files kept there. As she descended the stairs she saw Burgher's body lying on the floor. Dr. Mark O'Meara was called but found Burgher dead. Coroner W. Norman Conner was also summoned and issued the death certificate stating that death was due to a heart attack. The body was turned over to A. Carr & Sons.

PERCY'S RETURN VISIT EARNS HIM JAIL SENTENCE

Percy Fairbanks, who claimed to be a woman, was again arrested Sunday morning on a charge of public intoxication. He had been picked up Friday evening for passing counterfeit money on Saturday had been charged on his promise to return to his home. This morning Judge Conner sentenced Percy to ten days in the county jail.

Former Investigator State

Chicago, April 23 (AP).—Shogun Kinsman, standing on a soap box and shouting through a megaphone, was arrested by New York police. He was charged with obstructing justice. Kinsman, 41, formerly an investigator for the state's attorney, was arrested today. Newmark was charged with obstructing justice when he was shot.

Choose Delegates In Nine States

Republicans and Democrats to Have Busy Week in Selecting National Convention Delegates—Interest Centers on Ohio.

Washington, April 23 (AP).—With millions of eyes turned toward Ohio, where the first real skirmish of the pre-convention Presidential campaign will be fought in tomorrow's primary, final preparations were under way today for a week of unprecedented choosing of delegates to the Kansas City and Houston conventions.

Nine states, including Ohio, where Herbert Hoover will contest against the field for the state's 51 delegates to the Republican convention, June 12, and two territories will hold primaries and conventions during the week, and when the shouting and counting are over, only 389 of the 1,989 Republican and 456 of the 1,100 Democratic Presidential delegates will remain to be selected.

Beginning today in Rhode Island, where the Democratic convention will name a delegation of ten, the voters will have entrusted national convention credentials to 218 more Republicans and 292 additional Democrats by the time Saturday rolls around. Added to those already picked, the totals then will read: Republican delegates, 709; Democrats, 644.

Focus Attention on Ohio.

Besides in Ohio, primaries also will be held tomorrow in Massachusetts and Pennsylvania and far-off Alaska to help swell the Republican delegate total by 161 and the Democrats by 166; but due to the absence of contests, principal attention will be focused on the battle to be waged by Hoover forces in the Buckeye State. The rest of the week will see Democratic delegates chosen in Kansas and Hawaii and Republican delegations completed in Oklahoma and Michigan and selected in Nevada and Arizona.

FIRE WRECKED HOUSE OF DR. BLAKELY AT HIGHLAND

Fire wrecked the twenty room house of Dr. Julius W. Blakely at the intersection of Church street and Vineyard avenue, Highland, Friday evening. Dr. Blakely had left the house a short time before the fire was discovered with Edward Eckert to make a call at the latter's home. Mrs. Blakely had retired early and was awakened by smoke. She opened a window and called fire and "Turk" Kelly, who was just closing the pool room next door, heard her and turned in an alarm. Kelly then entered the burning house and carried Mrs. Blakely, an elderly woman, from her bed to the home of neighbors nearby. Mrs. Freeman had resided with the Blakelys for the past twenty years. The fire proved a stubborn one to fight and before it was brought under control the house was badly damaged.

WASHINGTON DELEGATES CLAIMED FOR HOOVER

Seattle, April 23 (AP).—Washington Republicans were counted in the Herbert Hoover column today after 13 counties had elected delegates to the state convention in Yakima, May 3, and overwhelmingly endorsed the secretary of commerce. With counties that have already elected delegates, a majority of the men who will go to Yakima are Hoover supporters. The Washington delegation will have 17 votes at the Kansas City convention.

Granted Divorce in Florida.

Verna I. Emmick of No. 59 South Manor avenue, has been granted a final decree of divorce from her husband, Joseph Emmick, in the circuit court of the Nineteenth judicial circuit of the state of Florida in and for Highlands county in that state, and her maiden name of Verna I. Winchell is restored. Lawrence & Kash of Sebring, Florida, were her attorneys.

Effie F. Wells has been certified under the assumed name business law that she is conducting a business under the name and style, The Little Tea Shop at 5 Main street, Kingston.

Three Hundred Miles From Pole. Wilkins, during his flight, passed the places where Rear Admiral Robert E. Peary had been. He sighted Grant Land and passed about 200 English miles east of the North Pole. The weather was fine with little fog. Throughout the trip he maintained an average altitude of 1,600 feet. But at times it was necessary to ascend to 3,500 feet in order to get above the bank of clouds. He sighted no land that had not been discovered previously and there were no signs of animal life on the ice.

Wilkins succeeded in taking observations 200 miles from Svalbard (Spitzbergen) but the visibility there became too bad. Approaching Svalbard, the first sight of land was when he saw the two pointed peaks of Prince Karl promontory.

Left Alaska April 15.

Spitzbergen, by the way of Copenhagen, Denmark, April 23 (AP). (By The Exchange Telegraph.) Scandinavian Rights Reserved.—Captain George H. Wilkins started from Point Barrow, Alaska, on Sunday, April 15, at 10 o'clock in the morning, Alaskan time. The starting place had to be shifted as the runway proved too short for the heavily loaded machine whose weight was 2,022 pounds and whose cargo was about 4,650

Burglar Found In Room Leaps Out of Window

Archie Elmendorf Awakened From Sound Sleep to See Burglar Roll Under His Bed—As Elmendorf Seizes Revolver Intruder Leaps Out of Window—Youth Arrested.

Archie Elmendorf and his wife were asleep in their home at No. 158 Downs street, when suddenly about 2 o'clock Sunday morning Mr. Elmendorf was awakened by a sound in the room. Holding over in bed he glanced toward the door just in time to see a burglar crawling on the floor on his hands and knees. Suddenly the burglar rolled under the bed. Mr. Elmendorf awakened his wife and told her to leave the room at once and as she did so he leaped out of bed and rushing to his bureau opened a drawer and pulled out his loaded revolver.

By this time Mildred, their young daughter and his mother-in-law, Mrs. Amelia Morris, who was visiting them, were also awakened, and Elmendorf told them to go down stairs and call the neighbors to come over as he had caught a burglar in the house.

Elmendorf said that he did not desire to exchange shots with the burglar until the women folks were safely out of the way and he stepped out in the hall, leaving the bedroom door open and shouting to the burglar that it would be safer to remain under the bed.

As the women folks were going down the stairs Elmendorf watched them and again told them to rouse the neighbors, and the girl started to run out of the house. There had been quite a snowfall during the night and it was rather slippery on the porch and as the girl got out on the porch she slipped and fell to the ground.

Leaps From Second Story. As she was picking herself up she heard a sudden thump on the ground near her, and turning she saw the burglar. She immediately called to her father saying that the burglar had leaped out of the second story window.

Elmendorf rushed downstairs and running out on the porch called to the intruder to halt but the burglar without glancing back started to sprint down the street. Elmendorf immediately fired and the bullet kicked up the dirt at the fugitive's heels, but the shot simply added speed to his flight. Elmendorf started running through the snow after the intruder, and fired twice more as he caught sight of him.

Roosa Stops Youth. By this time the three revolver shots had aroused the neighborhood, and among those who came out of their homes was Everett Roosa of 138 Downs street, who lived directly across the street from the Elmendorf home. As Mr. Roosa glanced up the street it was to find a bare-headed youth approaching and he immediately stopped him and asked him what he had been up to.

According to Mr. Roosa the youth replied he had been out visiting friends. Roosa asked him where he had left his hat and the youth replied at the neighbor's home. As Roosa was questioning the youth Elmendorf came running up and in the meantime one of the neighbors had telephoned the police. In a very few minutes the police car was on the scene and the youth was turned over to Officer Hess.

Elmendorf, who had heard Roosa questioning the youth about his hat, called Roosa to one side and told him there was a cap under the window from which the burglar had leaped. Roosa went back and got the cap and putting it under his coat returned to the police car and questioned the youth about his missing hat.

As a result of the questioning Roosa suddenly pulled out the cap found under the window and, according to Roosa, the youth said "That's mine" and placed it on his head. It was a gray cap.

Confessed, Say Police. At police headquarters the youth was again closely questioned by Police Sergeant Phinney. He said his name was Lee Macomber, 17, of 112 Tremper avenue. According to the police Macomber also made a statement confessing that he was the man who was in the Elmendorf house and had escaped by leaping from the second story window.

Entrance to the house had been obtained by climbing up the rain spout in the rear of the house and opening an unlocked bathroom window. Macomber was locked up in the county jail and was arraigned before Judge Shufeldt in police court this morning when he was represented by Attorney Walter J. Miller, who demanded an immediate hearing, but at the request of the police department the hearing was adjourned to Thursday morning.

Judge Shufeldt fixed bail in the sum of \$3,000. Macomber is being held by the police on a charge of burglary in the second degree.

Ferry Schedule Changes Sunday

The summer time table of the Kingston-Rhinebeck ferry will be put in effect on Sunday next, April 23, daylight saving time being used. Trips will be made at approximately forty minute intervals from 6:30 a. m. to 11 p. m. from Kingston, and from 7:14 a. m. to 11:20 p. m. from Rhinecliff. The full schedule is shown in an advertisement appearing in this issue.

Eliminate 145 Radio Stations

Broadcasting and Radio Manufacturers Suggest Reallocation of Radio Stations—Oppose More Stations.

Washington, April 23 (AP).—Reallocation of radio stations with the ultimate elimination of 145 was suggested in a statement prepared for submission to the Federal Radio Commission by the National Association of Broadcasters, Federated Radio Trade Association and the Radio Manufacturers Association today.

Any plans contemplating an increase in the number of stations should not be considered, the three associations, representing those who broadcast and those who manufacture and sell radio equipment, maintained.

Their views on reallocation, authorized under the equalization amendment of the radio law, were harmonized at a Chicago meeting last week.

Two procedures are explained in the tripartite proposal, one calling for the allotment of 110 stations to each of the five zones, and the other allowing each zone 140.

"We favor the second method with an approach to the first, as best calculated to achieve the ideal, as soon as time and practical considerations permit," the statement read.

FATHER AND DAUGHTER KILLED BY FREIGHT TRAIN

Corning, N. Y., April 23 (AP).—A father and his three years old daughter were instantly killed and a youth seriously injured at Elkhart, Pa., when their automobile was struck by a freight train Saturday night, according to word received here today.

The dead: George Rhattard, 39, Philadelphia; Dora, 3, his daughter. William Miles, 15, the third occupant of the machine, is in Blossburg, Pa., Hospital with a fractured arm and internal injuries.

Rhattard, who was visiting his father-in-law, Leroy Butler, borrowed the latter's car for the evening. The machine was struck by the caboose of a Buffalo and Susquehanna freight and ground beneath the wheels. Rescuers worked for almost an hour to remove the three, and were forced to saw through the side of the automobile.

BOY SMOKES CIGARS AT AGE OF THREE

Seattle, Wash., April 23 (AP).—Having developed into an ardent cigar smoker at the age of three, Freddie Riggs, Seattle youngster, has become the subject of much speculation among doctors.

The boy's mother, Mrs. Ralph Riggs, explained that when Freddie was a baby he was weak and underdeveloped and refused to eat until he chewed on a pipe. That was when he was ten months old. When he began to eat, he cut his teeth on the same pipe. When he was a year old he began to chew cigars and shortly after that to puff on them. Efforts to make him quit tobacco have resulted in his stopping eating. Aside from smoking—he has one cigar every night—he is a normal and healthy child. He will be four next month.

FRIENDS ASKED TO MAKE STAND COVERS

Friends of the City of Kingston Hospital are asked to make stand covers for the new rooms now being furnished.

These must be sixteen by twenty inches when finished and may be made of any washable material, feather stitched or embroidered to suit the fancy of the maker. A simple and practical cover is of Indian head muslin with a machine stitched hem and finished with a crocheted edge in blue or yellow.

Many such covers are needed and gifts of this kind will be greatly appreciated. Leave at hospital with name of giver written on the package or enclosed.

Makes Americans Prisoners.

New York, April 23 (AP).—A message sent to a mining company here from Nicaragua indicated today that four American employees and one British were prisoners of the rebel leader, Augustino Sandino. Word received by the owners of La Luz, an American gold mine in the department of Prinzapolca, Nicaragua, told of a raid on the mine by the rebels and the capture of prisoners.

Veteran Actor Is Dead.

Los Angeles, April 23 (AP).—Frank J. Currier, veteran stage and film actor, died last night. Mr. Currier had been ill at his home at Beverly Hills for the past ten days with blood poisoning in his right hand.

Soldier Drowned.

Sackett Harbor, N. Y., April 23 (AP).—Henry Shaefer, a private at the Madison Barracks Army Post, was drowned in Lake Ontario last night, and his companion, Private Frank Tuohy, is in the post hospital in a serious condition due to exposure.

Snow Fell Saturday.

Winter played a return engagement Saturday when a considerable amount of snow fell during the evening. The ground was white Sunday morning. In the mountains the snow fall was considerable heavier than in this city.

Valley Musicians Banquet and Hold Conference Here

President Weber of American Federation of Musicians Principal Speaker at Banquet at Governor Clinton Hotel—Next Meeting to Be Held in Walden.

The fourth semi-annual meeting and banquet of the Hudson Valley Conference of Musicians, comprising the locals of Walden, Beacon, Port Jervis, Poughkeepsie, Newburgh, Middletown and Kingston, was held on Sunday at The Governor Clinton Hotel with seventy-six delegates in attendance, and was marked by the attendance of Joseph N. Weber, president of the American Federation of Musicians, and Edward Canavan, president of Local 502, of New York city.

During the morning a business session was held when matters of interest to the various musicians' locals were discussed, and at noon a banquet was served in faultless style. The invited guests at the banquet in addition to Mr. Weber and Mr. Canavan were Fire Chief Joseph L. Murphy, Edward F. Moran, chairman of the general committee in charge of the holding of the annual convention of the Hudson Valley Volunteer Firemen's Association in Kingston in June, and Francis Cashin, a member of the committee.

Edward P. Ward, of Kingston Local 215, presided as toastmaster, and the principal address was delivered by President Weber of the Federation, who outlined the aims and purposes of the organization which came into existence some thirty odd years ago. At that time a musician worked for practically nothing, or whatever the leader of a band or orchestra cared to pay for his services. The organization of the American Federation of Musicians, which now numbers 158,000 members, has changed all that. Today a member of the Federation is looked upon with respect, he is paid a wage to which he is entitled. It is not necessary to be a skilled musician to become a member of the Federation. All that is required is that the applicant play some musical instrument and receive pay for his work.

President Weber said that today 17,000 theatres throughout the country employed union musicians, and efforts that had been made to disrupt the Federation had proven fruitless in the past and would prove fruitless in the future. He said that several years ago efforts had been made to disrupt the musicians' local in San Francisco but the difficulty had been settled within a very few days. The Federation did not believe in so-called strikes or lockouts but Mr. Weber said that practically every trouble that arose had been thrashed out satisfactorily at the conference table where employer and employee got together and talked it over.

Federation Opposes Communism. President Weber said that in order to make the Federation effective it had been strictly necessary to enforce the rule of the closed shop. That rule was strictly enforced as a matter of self protection for the Federation. The Federation was heart and soul, he said, behind the government of our country. The Communist movement had not spread from Russia to this country for the Federation of Musicians and the Federation of Labor would not entertain its ideas. He said that he had received many communications from the leaders of the movement in Russia asking the Federation of Musicians to unite with it but the Federation had replied that it did not believe in the Communist movement and was thoroughly loyal to the government of our own country.

President Weber said that the policies of the Federation were formulated by every local in the Federation, and explained why. He called attention to the action taken some six years ago in expelling the New York city local from its ranks, and what had happened. Within two weeks wages of musicians had dropped nearly half in New York. The expelled local announced it would form an organization of its own and its first step was to notify the theatres that the theatre orchestras should receive a 25 per cent increase in pay. What happened? The theatre owners replied by announcing a reduction in salaries of 25 per cent. The New York local also carried the question of being expelled from the Federation to the courts and the highest courts in the land, said Mr. Weber, ruled in favor of the Federation.

Within a very brief time after the

(Continued on Page Eight)

Work of rebuilding the former Brown & Dressel structure at Clinton and Albany avenues, owned by the Kingston Community Hotel Corporation, is about completed. One of the stories is occupied by the Cadillac-LaSalle show rooms and three of the four apartments on the second and third floors are occupied. The remaining suite of rooms will be occupied by Manager Siegrist as soon as the painters and decorators have finished their work. This will add the two rooms in the Governor Clinton Hotel now occupied by the manager to the number of rooms available for guests.

The business of the hotel has grown to such proportions that it has been decided by the board of directors that more rooms must be provided. During seven months in the year the hotel and annex are filled almost every night and hundreds of applicants for rooms are turned away during these months. The period of dull business grows shorter and the percentage of room occupancy higher during this period, so that losses during the winter have been greatly reduced and in the month of March, which was supposed to be a losing month, a profit was made. Last year the March profit was \$300. This year it was \$1,200.

Plans are now being made for the addition of an "L," beginning a short distance back of the Albany avenue front of the hotel, on the side next to the Gray property, and extending for a considerable distance back of the main building. This structure will be four stories in height, of a style of architecture that harmonizes with the present building, and will contain approximately 75 rooms. With the original hotel building, the Sharpe mansion annex and the new extension, the hotel will have practically 260 rooms.

The kitchen will have to be enlarged and additional dining room space arranged for in order to balance up with the newly added room capacity. It is expected that the financing will be arranged by means of an additional loan on the property and the re-investing of profits in excess of the sum required to meet dividends on preferred stock.

Additional sample rooms and private dining rooms are also under consideration in connection with the building of the extension, as the demand for rooms of these kinds is constantly growing. The stores in the front of the hotel are all occupied and producing revenue and in every way the continued and increasing prosperity of the enterprise seems assured. Much of the credit for the growth of business and remarkable growth in profits is due to the efficient management of the manager, Mr. Siegrist, and to the very commendable policy of the directors in, after having engaged a competent manager, refraining from "butting in" on the details of his work.

Caught Leg in Sewer Cover

Saturday afternoon as Mrs. John Ferguson of 65 Marus street, alighted from her husband's automobile on Wall street in front of the residence of County Judge Joseph M. Fowler, she slipped on a small chunk of ice in the road and her leg went through the grating covering the catch basin in the corner. There was a missing bar in the covering and the opening was just large enough for her foot and leg to slip through, but she was unable to extricate herself. Help came to her assistance and it was found necessary to saw through one of the iron bars of the grating to allow the release of her foot and leg. Mrs. Ferguson stated that her leg was bruised but that she did not require medical attention, according to the police report of the accident.

EXILED PRELATE DIES OF BROKEN HEART

San Antonio, Texas, April 23 (AP).—The body of Archbishop Mora y Del Rio, exiled head of the Roman Catholic Church of Mexico, who died here yesterday at the age of 75, today lay in state in the historic San Fernando Cathedral.

Comed here eight months ago with other prelates deported by the Mexican government when they refused to submit to the requirements of religious laws promulgated by President Calles, the aged archbishop retained active leadership of his fellow exiles almost until the last. While physicians said infirmities of old age caused death, his associates attributed it to a broken heart. Friends said he had aged noticeably since his deportation, but that he had refused to allow ill health to prevent him from looking after the affairs of his followers.

Many Scouts to Attend Powwow

Big Meeting Here in May Will Draw Large Attendance of Boy Scouts Who Will Exhibit Ability and Skill Along Scout Lines.

Indications are that there will be a large attendance of visiting scouts at the Boy Scout Powwow to be held in Kingston on May 15, 16 and 17. Many of these councils are now holding preliminary contests for the purpose of selecting the Scouts showing the greatest ability and skill along Scout lines to come to Kingston Saturday the 15th. The Kingston Council held two contests, one in Catskill in the forenoon and one in Windham in the afternoon. Without question, the citizens of Kingston and visitors will have the opportunity of seeing Scouting at its best. Not only will the contests be worth seeing but the camp itself and the demonstrations as well. Out of courtesy to the visiting councils, Ulster County Scouts will not enter into competition with the others inasmuch as practically every judge and official is to be from the local council. However, this does not prevent Scouts from Ulster county attending. In fact every troop should be represented by a large delegation. Aside from entering the contests they will have the same privileges as the others.

The details of the affair are being perfected and every indication is that it will be successful and that the citizens of Kingston may take real pride in entertaining the Scouts and representative leaders from New York and New Jersey.

The local council is to be especially favored in having James E. West, chief Scout executive of the National Council, present. Few boys have to overcome greater hardships than did the boy who became the chief Scout executive of the Boy Scouts of America. At the age of six he was placed in an orphanage. He was a cripple and sickly. For three years he was almost helpless. Unwanted even in the orphanage because of his physical condition, he nevertheless fought for and secured recognition of his rights as a boy, earned his schooling by hard work, and actually attained a position of leadership among the boys of the orphanage that would correspond to the position of a senior patrol leader of a Boy Scout Troop. He discovered that by hard work he could make of himself what he wanted to be. He wanted to be a lawyer. He was admitted to the bar of the Supreme Court of the United States in 1906. He served President Roosevelt's administration as assistant attorney in the Department of the Interior. He secured the first juvenile court for Washington, D. C. He promoted the Washington Playground Association, organized the National Child Rescue League and acted as Secretary of President Roosevelt's White House Conference on the Care of Dependent Children. The Boy Scouts of America was incorporated in the year 1910, and on January 1, 1911, Mr. West became the chief Scout executive. He has had a leading part in formulating the administrative methods of the organization, the oath and laws, the Handbook for Boys and the general literature of the movement. Under the leadership of the man who was once an orphan, the Boy Scout movement has become the largest boys' club in the world.

There will be a meeting of the executive committee and Scoutmasters Tuesday evening, April 24, at eight o'clock in the Chamber of Commerce rooms. Tuesday evening, April 24, there will be a meeting of the executive committee and Scoutmasters in the Chamber of Commerce rooms.

Notes from the Ladies' Auxiliary of the American Legion are as follows: Saturday, April 28, the Auxiliary will hold a food sale at George Schoonmaker's store. All kinds of homemade foods will be on sale. Cigarettes and chocolates to the amount of \$14.50 were sent to Tupper Lake for the disabled soldiers.

Mrs. Koch was appointed delegate to attend the state convention at Schenectady the first week in September. Four new members were added to the roll: Mrs. Lewis Hagar, Mrs. Kenneth Vanderly, Mrs. Benjamin Egan and Mrs. Vandemark.

Saturday, May 5, is to be Alumni Day at New Palitz. Every graduate of the Normal School and high school is an alumnus. There are a goodly number of alumni in New Palitz or immediate vicinity. If each one could attend the luncheon and dance there would be a real crowd to welcome those who come from greater distances. There will be a luncheon at the school at 1 o'clock with a short business meeting following. At 8:30 there will be an informal dance for alumni and their friends. Tickets may be obtained from Emily Lieberfeld, secretary, or Helen Hasbrouck, president of the alumni. All reservations for the luncheon must be in by May 1.

At the meeting of the Study Club the past week, "Talked of Books" was the subject. Miss Ella MacLaurie talked entertainingly about some of the new books. Mrs. Alexander, Mrs. Ward and Mrs. Lawrence H. Vanden Berg discussed a number of others. For the next meeting there will be a lecture by Elizabeth Timlow in the Reformed Church parlors at 3:30, April 26.

The Misses Virginia Baxter, Ida Conn, Mary Dowd, Kathryn Cumisky and Grace Lockwood of Marlborough, who attend the Normal, are spending their vacations at their homes.

Blanche Guinac returned home on Saturday after spending a week in Hyde Park and Poughkeepsie.

Elsie Kniffen returned home on Sunday after spending her Easter vacation in Newburgh.

Mrs. Fred Coddington and daughter, Lucille, and Mrs. M. F. Dill visited friends in Kingston on Sunday.

Mrs. Yost returned home Sunday after spending the week with her uncle at West Esopus.

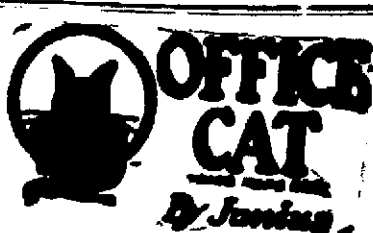

Mrs. Edwin Curtis called on her aunt, Mrs. Mary Kniffen, Sunday evening.

School opened Tuesday morning, April 17, after closing April 4 for the Easter vacation.

Miss Lena Lyons, who has been in Vassar Hospital for several weeks, has returned home.

Miss Ethelyn Craig has returned to Hepstead, L. I., to teach after spending her vacation at her home in town.

William Williams of Mountain Rest recently visited relatives in New Palitz.

The curiosity of the passenger was excited by the fact that his seatmate had his right arm in a sling, and the following dialogue occurred:

"You broke your arm, didn't you?"

"Well, yes, I did."

"Had an accident, I suppose?"

"Not exactly. I did it trying to get myself on the back."

"My land! On the back. Now, whatever did you want to put yourself on the back for?"

"Just for minding my own business."

Lower Employers' Insurance Rates

Albany, N. Y., April 21.—An important revision of the rating plan for workmen's compensation insurance will take effect, in New York state May 1. Under this revision employers who cut down the number of accidents in their plants will be able to make quick and material savings in their insurance costs.

Charles Gordon Smith, manager of the State Insurance Fund, said today. Mr. Smith originally suggested the modification.

"Hitherto employers have had to wait a number of years to get lower insurance rates as a result of their improving accident record," Mr. Smith said. "Under the new rating method an employer who is showing an improvement now, gets prompt reward for it, for under the revised plan his recent experience will receive much more credit than it did formerly."

"Therefore an employer will have more incentive to better his accident record, because if he now is adequately protecting his employees from injury, he will make a more immediate saving through the lower rate that will result."

"In the year ended June 30, 1927, there were 1,042 workers killed in New York state, and 41 were permanently totally disabled. 95,984 compensated accidents of all kinds were reported, of which 13,026 were caused by machinery. No doubt in some cases the workers themselves were responsible, but there is much employers can do to cut down this toll of death and injury, with its resultant economic loss."

"I believe the modification of the rating plan will greatly extend and intensify this needed safety work. It adds force to the fact that accident prevention, in addition to its humanitarian value, pays in dollars and cents."

"The Greatest TIRE in the World"

Not long after Goodyear announced this new tire—it became generally known as "The World's Greatest Tire."

This new tire has an All-Weather Tread specially designed for balloon tires. It does away with all existing ideas of how long a balloon tire should wear, it gives better traction, more non-skid.

Now—we know something about tires. We tested this one, looked it over, cut one up tried it for everything we could think of. We've watched it for months.

Take our word, it is the world's greatest tire.

We have your size. It costs no more than ordinary tires. Come in and see it. More people ride on Goodyear Tires than on any other kind.

Y. W. Campaign Ends in Success

Amount Required for Support of the Association Pledged With More Than \$1000 Additional—Final Meeting of the Workers Was Very Enthusiastic.

With a total of \$9,451.19 raised, a safe margin over the sum asked for, the Y. W. C. A. drive for funds to support the Association for another year, closed Saturday evening with great satisfaction and enthusiasm. Although there was great tension until the result was known, everyone enjoyed the delicious supper. The invocation was pronounced by the Rev. Lucas Boeve, D. D. Before the speech of the evening was called for, Mrs. Rice said she would like to tell the workers how other people outside of Kingston thought of the Y. W. C. A., and read a letter from an out-of-town but contributing firm expressing their appreciation of the splendid work accomplished by the organization. Their appreciation was backed up with a check for \$100. There were two other similar letters with accompanying checks. Of course, there was singing and it seemed that Miss McLaughlin (Mickey) and Miss Rand had a sort of prescience of the good news coming for they surely got considerable peppy singing out of the gathering, and certainly none of those thanked for their contributions to the success of the campaign earned their encomiums more surely than did these two girls, both members of the Business Girls' Club. The speaker of the evening was ex-Senator Charles Walton, a former Kingstonian, who expressed his appreciation of the work and bounty given out in the community by the Y. W. C. A. All were glad to hear Mr. Walton, yet they were anxious to hear how they were coming out, so Mrs. Rice called upon Captain Fowler and D. N. Mathews to make a bow to the girls, and they like Mr. Walton, were heartily cheered. Then Mrs. Rice tactfully asked all of the other men present to make a composite bow, which they did most graciously and received an equally gracious and enthusiastic composite response.

When Mrs. Rice called for the report it was quite painfully still between the applause at the end of each report until it was realized that the goal had been reached, when, led by Mrs. Staples, chairman of the Finance Committee, the roomful of people became quite violent, temporarily, and decidedly so when the final total was announced. To have almost \$1000 to the good seemed quite too good to be true. The two silver cups were awarded follows, amid more applause: Higginson cup to Team 8, Mrs. Frank Thompson and Miss Edith Holmes joint chairmen, for securing the largest amount, \$1,505, and the Staples cup, to be kept by the winner, to Mrs. R. E. Chidsey, for securing the greatest number of subscriptions of \$2 and over, the number for the week being 48.

Just to let off surplus nervous energy "Mickey" called everybody to sing "Smiles," and then Mrs. Reed asked for the privilege of speaking a moment. Her request being granted she stepped before Mrs. Rice and called upon all present to give expression to their profound appreciation of the marvelous work which Mrs. Rice had accomplished so efficiently, so perfectly in this as in other campaigns, but more than that to give expression of their affectionate appreciation of what Mrs. Rice as a woman was to the community, over and above what she did. Before Mrs. Reed had finished the entire gathering was on its feet and the three cheers given Mrs. Rice must have been heard plainly on Broadway.

Of course Mrs. Rice did just what she should have done, as she always does, she caught her breath, then said that what she had been able to accomplish had been due to the wonderful help she had had from the financial chairman, Mrs. Staples, who had been untiring in her support, to Miss Jane Van Ethen, the secretary, who has raised the enthusiasm of all members of

our local Y. W. by her admirable service as secretary, to Miss Beebe, assistant secretary, a close second to Miss Van Ethen; to Miss Merdman, the tireless and efficient and cheery clerk of the Association and to Miss Frances Osterhout who had given her services so generously to help in the campaign; to the press of the city, especially The Kingston Daily Freeman, for its support; to the inspiring speakers who had cheered on the workers; to the loyal capitalists and workers, tireless and capable; to the supper committees and the ladies who had served the excellent and sustaining suppers; to Mr. Borgevin for the contribution of the flowers which had so handsomely decorated the tables and had also been given out in small clusters each evening to the workers at each table securing the greatest number of subscriptions each day, and to all others who had in any way aided in making the campaign such a success, which of course included most heartily all of the generous contributors.

Instantly, when Mrs. Rice stopped for breath, one of the girls proposed that the basket of roses intended for the prize workers for Friday, be by them presented to Mrs. Rice which was done, and the fifth Y. W. C. A. Campaign was practically closed, even to the shouting.

Farm Bureau Adopts Program Of Work for 1928

Activities Covering Wide Range Included in Program Adopted by Advisory Council—Suggestion Made That Annual Picnic Be Less Elaborate.

A program of work for the 1928 season was outlined and discussed Saturday afternoon at a meeting of the advisory council of the Ulster County Farm Bureau. The meeting was preceded by a luncheon served at Von Berg's Advance Restaurant and after lunch the meeting adjourned to the court house where the program for the coming season was discussed and finally adopted.

President Millard Davis presided at the meeting which was attended by 24 committeemen. Albert Kurdt, who will assume his duties as Farm Bureau Manager on May 1, succeeded Manager Wigsten, was present at the meeting and was presented to the committeemen present.

President Davis made a brief report on the various activities carried out during the past year in the county as a whole and the program for the coming season was then discussed. Several revisions were made in the program before it was finally adopted.

Ulster Stands Third.

Manager Wigsten reported that at the present time the Farm Bureau had a membership of 941 and stands third in line in membership in the state, with St. Lawrence and Montserrat heading the list. The last report last year on membership was 874 and the year prior to that 844. With 941 members at present there is every reason to believe that the membership this year will exceed that of last year and the year before by a goodly number.

Mr. Kurdt was presented to the meeting and spoke briefly. He was accorded a lively welcome by the members present.

Picnic Plans Discussed.

The question of the annual Farm and Home Bureau and Chamber of Commerce picnic was brought up for discussion. The matter was talked over and the opinion of the Farm Bureau advisory council appeared to favor the holding of a less elaborate picnic than in the past years. The meeting went on record as favoring a more quiet social affair but their decision is by no means final since the Home Bureau and Chamber of Commerce have not as yet made any decision in the matter. The Farm Bureau members stated that they were willing to cooperate with the other organizations in such way as they could in any program the other organizations deemed wise to put on. Many of the members were of the opinion that the more elaborate picnic was well worth while but it involved such a great amount of work both before and after the picnic that the pleasure of the picnic was lost in the vast amount of work at hand.

Report on Work Accomplished.

Manager Wigsten gave a detailed report of the work carried on during the past season since the previous meeting of the advisory council on November 4. Since that time the membership campaign has been brought to a very successful close as the present membership of 941 shows. The annual banquet and annual meeting had been held and he gave a report on the marketing trip to New York in December.

Winter Meetings Held During January and February.

Winter meetings held during January and February, including poultry school and farm shop school, were also referred to. Farmers' week in February was also discussed by Mr. Wigsten who also reported on the tractor school, fruit meetings and the conference held in March. Spray service work and the legume campaign scheduled for April was also referred to in detail.

The following program of activities for the coming season was adopted:

Organization.
Hold monthly meeting of Farm Bureau directors.
Hold semi-annual advisory council meeting.
Hold at least two community committee meetings in each community.
Hold winter meeting in each community.
Conduct membership campaign—goal 900 members.

Cooperate with Pomona Grange and subordinate granges.
Cooperate with and support Farm Cooperative organizations.
Cooperate with Kingston Chamber of Commerce and other city organizations.
Hold a Farm and Home Bureau Chamber of Commerce picnic.

Marketing.

To lay stress in all work done on high quality products, proper handling, grading and packing methods.
To emphasize economic production.
To "production for production sake."
Support farm cooperative organizations and the cooperative movement in the county and in the state.
Conduct marketing trip to New York city markets to observe and study marketing conditions, methods, practices, grades, etc.

FRUIT.

Hold three pruning demonstrations.
Hold two thinning demonstrations.
Hold five packing demonstrations.
Hold fruit tour.
Conduct spray information service (a) fifty paid cooperators, (b) all Farm Bureau members in fruit section.
Hold 12 twilight meetings.
Discuss important fruit topics at winter meetings.
Hold five cover crops demonstrations.

Live Stock—Dairy Improvement.

Continue Dairy Improvement Association, 25 members.
Continue Dairy Improvement Club, members.

Hold one farm shop school.

Hold two blacksmith schools.

Hold one tractor school.

Rodent Control.

Hold two woodchuck control demonstrations.

Send circular letters on woodchuck control.

Send circular information on mice control in orchards.

Beekeeping.

Mail "Beekeeping News" to cooperators.

Reforestation.

Through the Conservation Commission offer personal farm visits on reforestation problems. Encourage reforestation of waste land.

Miscellaneous.

Furnish harvest weather forecast at 10 points in county.

Furnish protection against farm thieving through vigilance service.

Furnish bulletins and printed material on all agricultural topics.

Maintain office headquarters for county agricultural interests.

Home Bureau Doings This Week

The program for this week in the Ulster County Home Bureau is full of interest and variety. In practically all meetings the program takes a decided trend toward the more artistic problems confronting homemakers.

The Asbury community starts the wheel rolling this week with the first lesson in the county on the subject of interior decoration, or home furnishings. The lesson will be presented by Miss Evelyn Nance, county Home Bureau manager, and will consist of an illustrated lecture with slides furnished by the housing specialist at the State College of Home Economics.

Group discussion will follow regarding problems of furniture arrangement, color schemes, lighting and other problems that daily confront the homemaker. The meeting is being held Monday afternoon at the Katsbaan Church Hall.

This lesson will be repeated in Shokan Friday afternoon, April 27. The meeting will be held at Winchell's Hall, beginning at 2 o'clock.

Tuesday, April 24, Mrs. Coalter Crawford, of Mt. Vernon, N. Y., will give a dyeing demonstration at Stone Ridge. The meeting will be held in the Grange Hall, beginning at 2 p. m. This is a district meeting for High Falls, Stone Ridge, Lomontville, and Hurley. Committee women from other communities are cordially invited to attend. Mrs. Crawford not only demonstrates the reclaiming of old garments, but gives a few examples of artistic dyeing. She brings beautiful illustrative material.

Gardiner Dance Tuesday.

Tuesday evening the Gardiner Home Bureau holds its annual dance at the L. O. O. F. Hall in Gardiner. The women of Gardiner spare no time or trouble to make this annual affair a great success. Burgein, Inc., Kingston florists, as in previous years, are sending lovely flowers for decorating the hall.

Wednesday afternoon, April 25, Mrs. Crawford repeats the dyeing demonstration at the Hasbrouck Memorial Hall, in Modena. This, too, is a district meeting. It is open to all in the communities of Modena and Gardiner, and the committee women of New Paltz have been extended an invitation to attend. Because of the cost of the dyeing demonstrations, a collection will be taken at the Stone Ridge and Modena demonstrations.

Flatbush-Lake Katrine also has a meeting on Wednesday afternoon. Mrs. John Saxe, clothing leader, from West Hurley, will conduct their first lesson in clothing. The meeting will be held in the South Flatbush School beginning at 2:00 p. m.

"Tip to Toe" Lecture Thursday.

Mrs. Evelyn Nance, head of the

millinery department, Columbia Teachers College, New York city, comes to Kingston, Thursday April 26. The meetings will be held at the Court House. In the forenoon session Mrs. Tobey will demonstrate hair dressing and the latest trend in millinery. She brings from New York city illustrative material for this session.

In the afternoon Mrs. Toney will give her famous "Tip to Toe" lecture. The following merchants in Kingston are cooperating in furnishing garments for her to use in illustrating this talk: The Up-to-Date, Van Wagenen's, The Wonder, Co., and Rose and Gorman. In this talk Mrs. Toney discusses the proper garment for all occasions and the color and line best adapted to all types. The women of Kingston are especially invited to come out to hear her. Home Bureau groups from all over the county are coming to enjoy this treat. A special bus is being chartered to bring groups from the upper Rondout Valley.

The luncheon on Thursday will be served at the Von Berg Restaurant. Will all expecting to join the luncheon party please send in reservations to the Ulster County Home Bureau, 280 Wall street, Tuesday, April 24.

A substitute for honesty does not

Mrs. Evelyn Nance, head of the

millinery department, Columbia Teachers College, New York city, comes to Kingston, Thursday April 26. The meetings will be held at the Court House. In the forenoon session Mrs. Tobey will demonstrate hair dressing and the latest trend in millinery. She brings from New York city illustrative material for this session.

In the afternoon Mrs. Toney will give her famous "Tip to Toe" lecture. The following merchants in Kingston are cooperating in furnishing garments for her to use in illustrating this talk: The Up-to-Date, Van Wagenen's, The Wonder, Co., and Rose and Gorman. In this talk Mrs. Toney discusses the proper garment for all occasions and the color and line best adapted to all types. The women of Kingston are especially invited to come out to hear her. Home Bureau groups from all over the county are coming to enjoy this treat. A special bus is being chartered to bring groups from the upper Rondout Valley.

The luncheon on Thursday will be served at the Von Berg Restaurant. Will all expecting to join the luncheon party please send in reservations to the Ulster County Home Bureau, 280 Wall street, Tuesday, April 24.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil. No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" — bad breath — a dull, tired feeling — sick headache — torpid liver — constipation, you'll find quick, sure and pleasant relief from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night to keep right. Try them. 15c, 30c, 60c.

Who is the Skinniest Man in the World?

If he lives in this town you ought to clip out this notice and send it to him. Perhaps he has never heard of McCoy's Tablets or read of the fair and square offer McCoy is making to underweight men and women who need a few more pounds of flesh to gain in health, vigor and attractiveness.

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price. The name McCoy's Cod Liver Oil Tablets has been shortened—just ask for McCoy's Tablets at any drug store in America.

Brighten the Bride's Home With a Lamp.

There never was a home without a lamp—and never a lamp at Gregory's but would be welcome in the brand new domicile of some new bride who takes the vows this month. Whether for the living room, the hall, the reading table or the boudoir, you'll find the lamp you seek on our first floor where a myriad awaits you. And finding it, you will discover it has cost you very little to convey the wealth of your wishes to some wedded pair.

Flashes of Life Sketched in Brief

(By The Associated Press.)
Princeton, N. J.—Dr. Henry Tas Dyke would confine the real risks to men. In a university sermon he expressed the belief that women occasionally had been actuated by publicity. He is sorry that some of them obtained their publicity in the form of epitaphs.

Berlin—The city council is being asked to rename a street in the Templehof section in honor of Captain Herman Koehl.

Hickory, N. C.—Al Smith has a cigar a foot long. When it was presented he remarked with a twinkle: "That cigar ought to last until I reach Washington." He was on the way from Asheville to Washington at the time, but that is not what he meant.

New York—Who says Gene Tunney is a colorless champ? He came back from Miami a regular rainbow—light coat, blue suit, brown hat, blue tie, nifty socks, etc.

Newark, N. J.—Jimmy Walthour, Jr., 18, is to agree not to marry for six years. That will be a clause of a contract he will sign as a professional cyclist.

Rome—A ten days' honeymoon is enough even for a prince under Mussolini's regime. That's all the Prince of Savoy-Genoa and Princess Lydia of Alenbourg will have after their marriage a week hence. The prince is a student at the War College and army regulations must be obeyed.

Chicago—There's to be a Dutch treat dance at Northwestern University next Saturday night. Co-eds will pay half the price of the tickets, the taxis and the corsage bouquet, if any. A student conference so decided after arguments by the boys.

New York—Advice by Charles M. Schwab to young men seeking success in business: "Be friends with everybody."

Rome—Mussolini wields a nifty sword. He dedicated new fencing quarters at the War Department by a lively 16 minute joust with an army officer. There was mighty slashing with sabres. No decision was rendered.

\$1,976.02 For Ulster Fair

Commissioner Berne A. Pyrke of the Department of Agriculture and Markets, announced that the county and town agricultural fair associations receiving state aid paid out \$397,644.81 for the fair held in 1927. Two hundred and fifty thousand dollars have been appropriated by the state of New York to reimburse the societies for the premiums paid for the promotion of agriculture and of domestic arts, for the promotion of education along agricultural lines, and for the promotion of the breeding of cattle, sheep, swine, poultry, horses, and other domestic animals. Thirty-nine societies received the maximum of \$4,000, and the balance is divided in proportion to the amount paid in premiums by the society.

These awards are based on the total appropriation for 1927 of \$250,000. At the last session of the Legislature this amount was increased to \$275,000, which will be available next year.

In a few days the checks will be forwarded to the treasurers of the societies entitled to participate in this distribution. The Ulster County Agricultural Society has complied with the requirements to share in the fund and will receive \$1,976.02.

HIGH WOODS.
High Woods, April 23.—Mr. and Mrs. J. A. Wirth have moved from Ulster Avenue, Saugerties, to their house in this place.

Mrs. Anna Snyder and Dora Snyder spent a day in Kingston recently. The ladies of the church will serve a supper in the hall on Wednesday evening, April 25.

Dr. Hurrill and friends have returned to their home in Rochester. The Rev. Edward Ton and Charles Braby attended a meeting of the Reformed Church Classis at Gardiner last Tuesday.

Mrs. Charles Braby, Mrs. Arthur Wolven and Miss Edna Kierstedt met at the home of Mrs. Louis Snyder Wednesday afternoon to make arrangements for the church supper. It is reported that Lola Wolven has the mumps.

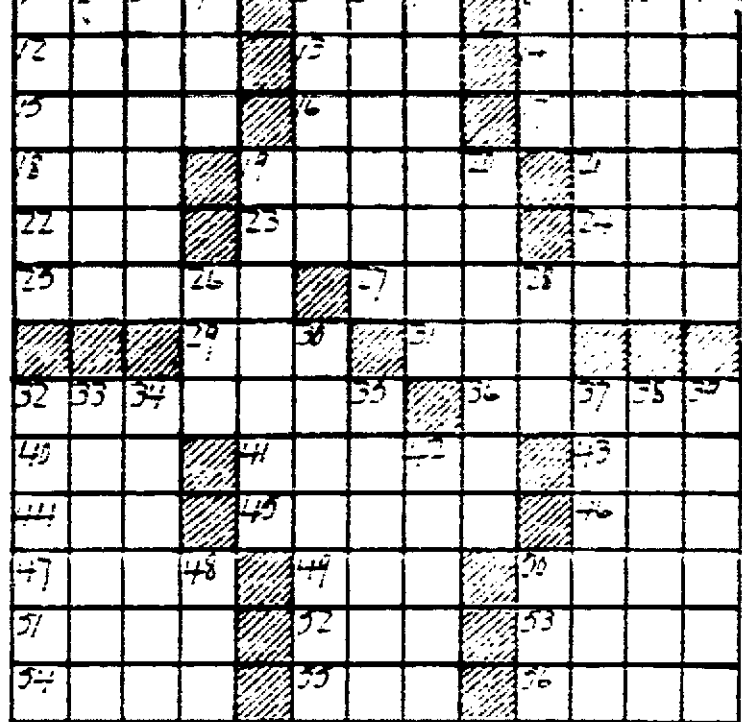

Mr. Peterson is having his house painted. Conrad Peterson is at home doing the painting. Mr. Peterson is employed by the Saugerties Steamboat Company at present.

Wanderlust and Women
There are more women than men tourists. Agencies arranged 94 cruises to start from American ports this winter. Already about 25,000 persons booked passage, and 60 per cent of them are women. American Express officials say it is not at all unusual now for a woman to cross the ocean or voyage to one of the earth's far corners "on her own." More than that, they point out, she frequently drags along some male member of the family who would never have had the gumption to get going himself, or who would at least have preferred carpet slippers, pipe and home fireside to the role of world wanderer. Most of the great vagabonds in history were men, because such a thing was out of the question for a woman. That is changed now. Women have acquired most of the "liberties" of men, says the Detroit News. A woman traveling alone is no longer occasion for arching the eyebrows. The women, the figures show, are making good use of the opportunity to satisfy their wanderlust.

House Made Famous
The location of the house in which Jefferson wrote the Declaration of Independence was on the south side of Market street, Philadelphia, between Seventh and Eighth streets. The house is no longer standing, but the desk upon which he wrote had been preserved and is the property of the federal government.

Offices Ready
For Occupancy

Alterations and improvements have been completed to the former Opera House building at the corner of John and Fair streets, whereby the owners, the Messrs. Levine, Feldman and Robinson have converted the third floor of the building into 22 modern offices. The present owners shortly after purchasing the building when it ceased to operate as a theatre, converted the ground floor into modern stores and altered the second floor and auditorium into offices. The second floor also contains 22 offices.

Augustus Schwab was the architect in charge of the alterations. The offices on the third floor which are now ready for occupancy are all modern in every way. The building has been modernized and is heated by an oil system.

NOTICE TO SUBMIT BIDS.
NOTICE is hereby given that sealed bids for the plumbing and heating in the Ulster County Garage on Gate Street, Kingston, New York, will be received by the Committee on Purchase and Maintenance of Highway Machinery and Equipment of the Board of Supervisors of the County of Ulster, at its office in the County Court House, Kingston, New York, until two o'clock P. M. on the 2nd day of May, 1928, at which time said proposals will be publicly opened and read for the furnishing of labor and materials, except as noted in the contract and specifications, for the construction of an eight-inch cast-iron water pipe line and an eight-inch vitrified sewer pipe line connecting the present water and sewer systems of the City of Kingston on the Boulevard in the Eleventh Ward and leading to the proposed Ulster County Tuberculosis Hospital to be erected upon what is known as "The Rock".

The specifications, proposal blanks, forms of contract, bond and information for bidders may be seen at the office of the Clerk of the Board of Supervisors, Kingston, New York, and copies of the same may be obtained on application to James J. Loughran, Civil Engineer, 74 John Street, Kingston, New York, upon a deposit of Fifteen Dollars, \$15.00, which deposit will be returned to the bidder if the bidder is successful and the contract is awarded within five days after the opening of the bids.

Each bid must be accompanied by a certified check for ten per cent of the amount of the bid, payable to the Treasurer of the County of Ulster, New York, which check will be returned to the bidder if the bidder is successful and the contract is awarded within five days after the opening of the bids.

The bidder whose proposal is accepted will be required to enter into a written contract within five days thereafter, giving a surety company bond, acceptable to the Board of Supervisors of the County of Ulster, New York, for an amount equal to the total of his bid. His certified check will be returned to him upon the signing of his contract.

The plans, specifications and proposal may be obtained from Teller & Halstrom, Architects, 200 Wall Street, New York, for the payment of the sum of Fifteen Dollars, (\$15.00), which sum will be refunded under the terms of the plans and specifications.

Dated at the City of Kingston, New York, April 21, 1928.

Brooklyn Team Won State Volley Ball Meet Here

The Kingston Y. M. C. A. team took sixth place in the Y. M. C. A. state volleyball championship tournament won by the Brooklyn Centrals in this city Saturday. The Bedford Branch of the Brooklyn Y. M. C. A. took second and the Kingston team third places in the meet played at the armory and Y. M. C. A. courts.

The games produced plenty of thrills for the spectators, especially the Kingston-Binghamton tilt, capped by the locally adversary 15-16. Another stellar match was the battle between the Bedfords of Brooklyn and the Brooklyn Centrals, which terminated in favor of the Centrals, 15-15. This team has copped the national title several times. Second place which went to Bedford Branch had to be decided by a playoff between that team and Binghamton. The score was 15-11.

The officials of the games were A. P. Idell, physical director at the Philadelphia navy yard, "Chick" Waters of Perth Amboy, N. J. and Frank "Pop" Hinds of the local Y. M. C. A.

The following are the results of the games and teams' standings:

Rochester 15-15, Bronx Union 7-8.
Kingston 15-15, Albany 12-1.
Bedford Branch 9-15, Binghamton 15-6.
Amsterdam 15-15, Bronx Union 6-4.
Kingston 1-3, Brooklyn Centrals 15-15.
Rochester 8-9, Binghamton 15-15.
Bedford Branch 15-15, Albany 1-3.
Amsterdam 15-15, Kingston 4-13.
Binghamton 15-15, Bronx Union 7-9.
Bedford Branch 13-6, Brooklyn Centrals 15-15.
Albany 5-2, Rochester 15-15.
Amsterdam 5-15, Binghamton 15-11.
Bedford Branch 15-15, Kingston 11-6.
Albany 11-7, Bronx Union 15-15.
Rochester 10-10, Brooklyn Centrals 15-15.
Amsterdam 14-10, Bedford Branch 16-15.
Binghamton 15-15, Albany 3-12.

Bronx Union 15-7, Kingston 9-15.
Amsterdam 15-15, Rochester 8-4.
Brooklyn Centrals 15-15, Albany 4-4.
Bronx Union and Bedford Branch, forfeited by Bronx.
Kingston 16-5, Binghamton 18-15.
Amsterdam 8-10, Brooklyn Centrals 15-15.
Bedford Branch 15-Binghamton 11. (Playoff for second place.)

WILL NOT JEOPARDIZE FORTUNE BY MARRIAGE

New York, April 23 (AP)—Gene Tunney is back in New York, ready to start training for his heavyweight title defense against the plodding antipodean, Tom Heeney, in July, and quite reconciled to Tex Rickard's program of one championship "shot" a year. After a week here, Tunney plans to start on a program of light training at Speculator, N. Y.

Tunney arrived from Miami Beach yesterday. He characterized as "ridiculous" reports that he planned to tour Europe on a "honeymoon" after he battles Heeney.

"Do you know," queried the champion, "anyone of sound mind who has a business paying him at least \$750,000 a year who would jeopardize all that by getting married? Last year I received \$1,000,000 for taking seven punches on the chin. After all, the man who is not willing to do that is just plain selfish."

NATIONAL COLORS NOT APPROPRIATE FOR PUG.

New York, April 23 (AP)—The heavyweight champion of the world has conscientious scruples against wearing the national colors around his waist.

Representatives of the Tough Club, a social organization, presented a belt of red, white and blue to Gene Tunney when he arrived here from Miami Beach, Fla., but the champion turned it back with the request that some other color scheme be used.

"You can deck the bier of a general with the colors of the American flag, but they should not be used to drape around the portly stomach of a fighter," the champion commented in retarding the gift.

Several baseball games, scheduled to be fast meetings in which a number of clubs would open their season, had to be postponed on account of the heavy rain Sunday.

George Edrick, seventeen-year-old brother of Trudy, who was the first woman to swim the English channel, is captain of the Brooklyn High School of Commerce swimming team.

Tagging Major League Bases

(By The Associated Press.)
George Uhle, great right-hander of the Cleveland Americans, apparently has returned to the form that enabled the Indians to give the New York Yankees a stern but futile chase for the American League pennant in 1926.

With the major league season less than two weeks old, Uhle already has turned in his third victory and has yet to meet defeat.

In 1926, Uhle won 27 games while losing 11 and nearly pitched his club to the pennant. The Yankees' lead, piled up early in the season, proved just too much of an advantage to be overcome.

The season of 1927, however, told another story and Uhle's record showed only eight victories against nine defeats. He pitched only ten complete games as compared with 22 the previous year.

Uhle's third straight triumph of the present campaign was scored, 2 to 1, over the Browns at St. Louis yesterday. He gave up only six hits, O'Rourke's double in the eighth giving the Browns their one tally. Taking advantage of all the breaks, the Indians, leading the league and hoping to continue to do so, scored single runs in the fourth and sixth, although they got only four safeties off Hatcher, one of Dan Howley's recruits. Ernie Nevers pitched the last inning for the Browns and gave up one hit that did no damage. Langford, playing the centerfield position graced by Tris Speaker for many years, roamed far and wide to haul in seven flies.

Ineffective pitching sent the Washington Senators down to defeat, 5 to 3, at the hands of Boston in the National Capital. The Senators gave Irving Hadley a three-run lead to work on in the first inning but it was not enough. The Red Sox bombarded Hadley for five hits and as many runs in the second inning and then kept up the offensive against his three successors, Van Alstyne, Burke and "Sad Sam" Jones. Rothrock connected for four singles. Charlie Ruffing went the route for the Red Sox and held the Senators safe after the first inning. Max West, fleet Washington fly-chaser, hit a home run inside the park in the fourth.

The Chicago White Sox found their batting eyes and battered the Detroit Tigers into submission at Detroit, 9 to 3. After two errors by Marvin Shea, Tiger catcher, had given the Sox three runs in the first inning, "Josh" Billings, Detroit hurler, gave them four more by being too liberal with his hits in the third. With the Sox leading, 7 to 0, Billings called it a day. Ted Lyons shut out the Tigers until the eighth when four hits gave them their three tallies.

The Pittsburgh Pirates took undisputed possession of the cellar of the National League when they bowed to the Chicago Cubs, 3 to 2, in the first game of the series at Chicago. Fifty thousand persons, the largest crowd that ever saw a ball game in the Windy City, was on hand. The pitching of Percy Jones and the hitting of Riggs Stephenson gave the Cubs the verdict. Jones allowed but five hits. Stephenson smashed out three hits and scored the winning tally in the eighth when he tripled and came home on a sacrifice fly by Butler. The Pirates protested that under the ground rules Riggs' hit should have been good for only two bases. Johnny Miljus started and finished for the Corsairs. He struck out seven men but two more than that got hits. William Vecek, Cubs' president, began a campaign on ticket scalpers. Ten were arrested and then released with a warning.

Rain forced postponement of the National League series between Brooklyn and New York and St. Louis and Cincinnati as well as the game between the Tankees and Philadelphia in the junior circuit.

"Y" Takes City League Honors

The championship of the City League was captured by the Y. M. C. A. bowlers, when the circuit closed Friday night, with 35 wins and 10 losses as their production for the season. The Immanuelists took second place with 29 won and 16 lost.

The "Y" team also has the honor of having two of its members in first places as individual scorers. Bedford holds the record of 624 for three games, while Fred Rice copped the honors for single high score with 245 points. Al Studd of the Immanuelists rolled the highest average of 174.

Cups and other trophies will be awarded to the winners at the bowlers' banquet to be held at the Y. M. C. A. tonight at 6:30 o'clock. Members of the Church League, Mercantile League and City League are eligible to attend.

The following is the standing of the City League teams:

Betty Nuthall Is Seen as Helen Wills' Rival

Betty Nuthall, "Beaming Betty" of the continental courts, will need her new over-hand service and an effective one if she is to cope with the power of Helen Wills' attack abroad this year.

The young English girl, finalist in the American championships last year against Miss Wills, is generally looked upon as the Californian's most interesting rival.

It will be one of the high spots of the court campaign when they meet at Wimbledon in June.

Olympic Team Pilot

The photograph shows Lawson Robertson, track and field coach of the University of Pennsylvania, and head coach of the American Olympic team in 1924, who was chosen by the Amateur Athletic union to be head coach again this year when the Olympic games will be held in Amsterdam. "Robbie" will also be business manager of the expedition.

Sport Notes

*Association football has developed into the most popular sport in Austria since the World war.

Southern tennis stars will gather on July 9 at Louisville, Ky., to decide the 1928 Southern amateur championship.

Another of the serious blunders of golf is to be caught standing too close to the ball a second or so after you have swatted it.

Miss Shirley Cobb, daughter of Ty Cobb, was named a blue ribbon winner in the ladies' horsemanship class at the Augusta horse show.

Feeling that he can whip George Godfrey, the big negro heavyweight, Paulino Uzcudun wants to fight him in New York. They recently fought in California.

Herman Byers was named as honorary captain of Indiana university's football team of last fall by Coach H. O. Page. Byers played at halfback, and is from Evansville.

Mexico will compete in the 1928 Olympic games with a squad of 49 men. This will make the second appearance of Mexico as an Olympic competitor, the first having been in 1924.

A golf team, made up of students from Oxford and Cambridge, is planning to visit the United States during the coming season to engage in matches with Yale, Harvard, Princeton and Cornell.

Mr. and Mrs. Thomas Krom spent Easter with their daughter and family in Kingston.

D. J. Hannigan unloaded two truck loads of the Guernsey nursery stock from Shokan nursery in town last week.

Mrs. L. P. Gaffney visited in Marlborough last Friday evening.

Homer Wynkoop was a recent visitor in New Paltz.

The death of Mrs. Caroline B. Finley occurred at her home on Huguenot street on Tuesday evening, April 17, after an illness of only a week. She was born in New York city on October 27, 1850. Mrs. Finley came of old Colonial stock and was a direct descendant of Edward Ball, the first chief burgomaster of Newark, N. J. Her mother belonged to the Huguenot Lent family of New Rochelle. She was the widow of Benjamin F. Finley, a Civil War veteran and a member of an old family of Washingtonville. For the past fifteen years she had lived in New Paltz. Until then she was a resident of New York city. She had an unusually fine voice and in her youth she was soloist in a church in New York. She was a member of the Baptist Church but she attended the Reformed Church in New Paltz. She was also a member of the W. C. T. U. She leaves three daughters, Mrs. Mary Stahl and Miss Alice Finley of New Paltz, and Dr. Caroline S. Finley of New York. One granddaughter, Caroline M. Stahl, also a brother, Walter A. Sandford, of New York. The funeral services, which were held on Thursday afternoon, were conducted by the Rev. E. D. Miner, assisted by Mrs. Finley's former pastor, the Rev. E. S. Holloway of New York city. Interment in the family plot at Elizabeth, New Jersey.

Monsieur Edouard Deru, violinist to the King and Queen of the Belgians, recently died at his temporary residence at San Francisco, Cal. Music lovers in New Paltz will recall with pleasure the violin recital Monsieur Deru gave here about four years ago, accompanied by Madame Deru. Monsieur Deru was an artist of charming personality and his distinguished attainment will be missed by music lovers both in this country and abroad.

Valley Musicians Hold Conference

(Continued from Page One)
New York city local was expelled a new local was organized in that city, he was wise for the Federation to have and within a few weeks practically every member of the former local had become members of the newly organized local, and as a result the salary scale was again advanced.

Edward Casavan, president of the reorganized New York city local, was then introduced by Mr. Ward, and spoke briefly of what had been accomplished in New York city to better the living conditions of the members of the musicians' local.

Music and Firemen.
Fire Chief Joseph L. Murphy was called upon to speak and said that he was present at the banquet because he had been invited but he had not known that he was expected to speak or on what subject they were to hear him. He said he did not represent any committee or organization, but as chief of the fire department and also chairman of the parade committee arranging for the big firemen's parade here in

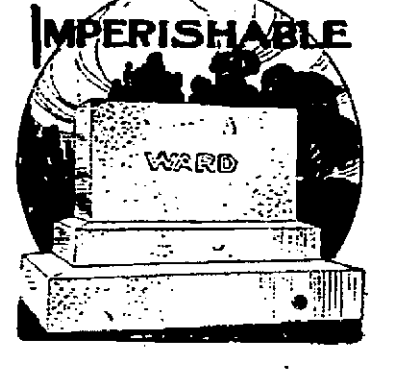

June he would touch briefly upon the differences that had arisen between the music committee of the corporation and the local musicians' union in regard to "fair" and "unfair" band music. He said he believed that the differences could be ironed out to the satisfaction of both sides. He suggested that it would be wise for the Federation to have representatives present at the next men's convention and take up the matter so that another year the same trouble would not arise again.

Toastmaster Ward on behalf of the delegates present thanked the reorganized New York city local, fire chief for bringing up the matter was then introduced by Mr. Ward, and assured the chief that he believed that the difficulties could be ironed out.

Next Meeting in Walden.
The delegates then went into the business session at which time it was decided to hold the next meeting in Walden on Sunday, October 28.

George Kenne of Middletown is chairman of the Hudson Valley Conference of Musicians and John J. Ernie of this city is secretary and treasurer. The conference Sunday was the largest attended since the formation of the organization.

If you must kill time, why not try working it to death.

Shriners Ready For Annual Ball

The Shriners have completed all arrangements for their big entertainment and dance to be held Wednesday evening in the armory for the benefit of the Industrial Home. Nothing has been left undone to make the affair this year one of the biggest and best they have ever held.

The armory will be delightfully decorated so that the big drill shed will be a veritable fairyland awaiting only the dazzling crowd to complete the picture. The red seats worn by the Shriners will stand out vividly against a background of beauty.

Gaiety, charm and enjoyment always mark these annual events for the Shriners are famed far and wide for their ability to bring happiness to all attending.

The Police Glee Club of New York city will make a tremendous hit as they are famous for their remarkable singing and the Shriners are very happy in being able to present this splendid group of men for the first time in Kingston. In fact, they seldom leave New York city and it is only through special permission from Mayor Walker that this rare musical treat will be enjoyed Wednesday night.

Miss Ann Mack, lyric soprano, who will also appear, has a beautiful voice of rich timbre, good range and excellent and clean enunciation. William Simmons, the distinguished American baritone, has been proclaimed by the music critics and the music-loving public to be one of the foremost baritones on the concert stage today. He is a pupil of the Hemstreet Studios. Both will be accompanied by Solon Alberti.

There will also be a number of other high class acts direct from New York, each one being a headliner.

The music for the dancing needs no introduction to Kingston audiences as George Olsen's orchestra is famous all over the country through their broadcasting, while Paul Zucca's orchestra will be largely augmented for this occasion so that the dancing will be one continual delight.

HUMMEL BOYS TO GIVE CONCERT HERE.

From the time that as very little boys, Earle and Stanley Hummel started on their musical careers in Kingston under the tutelage of their parents, Mr. and Mrs. Ford Hummel, Kingston people, and particularly music lovers have been interested in them. At a very early age, Earle, the violinist, showed such marked talent in addition to his remarkable sense of pitch as to interest that master of the violin, teacher and critic, the late Franz Kneisel, who at once took him as a special pupil, and with whom he studied for some ten years. Stanley showed marked talent as a pianist, and early developed a facile technique and artistic temperament.

Now the two boys have been giving joint concerts for quite a while, receiving very favorable criticisms in Albany, where they now live, and creating much interest amongst musicians when they gave their first New York concert at Steinway Hall.

A little later in May the Hummel brothers will give a concert in Town Hall, playing precisely the same program which they will play at the Elmendorf Street Presbyterian Church in this city on Wednesday evening, May 2. This will give them an opportunity to play before an audience both sympathetic and kindly critical before appearing before severer critics and it will also make it possible for their many friends in Kingston to hear them play for the first time since they have somewhat matured in years. The concert will begin at 8:15 o'clock.

WEEK'S ACTIVITIES AT ST. JOHN'S CHURCH

This evening at 7:30 o'clock, the adult confirmation talk will be given in the society at the parish house. There will be but two more of these talks and any person interested is cordially invited to attend.

On Wednesday, St. Mark's Day, there will be a celebration of the Holy Communion at 10 a. m. At 4 p. m. the Girls' Friendly Candidates will meet in the parish house.

There will be no morning communion service on Thursday, but at 10:30 a. m. the Sewing Group of the Woman's Auxiliary will meet at the parish house. On Thursday at 10:30 a. m. there will be a meeting of the Hudson Auxiliary at Holy Innocents' Church, Highland Falls.

On Friday the young people of the parish will meet for their confirmation talk at 4 o'clock.

Next Sunday will be observed as "Father and Son Day" at the church.

Record for Slaughter

According to ancient records, the battle of Chalon, where Attila, the Hun, was met by the Gothic prince, Thorismund, commanding the Visigoths and Roman forces, was the most sanguinary battle ever recorded in history. The dead left upon the field are estimated as between 250,000 and 300,000 men.

Urges Votes for Hoover.

Boston, April 23 (AP).—An eleven-
hour statement by Governor
Alvan T. Fuller speaking in be-
half of Herbert Hoover the Presi-
dential preference of Massachusetts
Republican voters in tomorrow's pri-
maries, today had injected fresh in-
terest into an otherwise quiet cam-
paign.

Miller Surrenders Himself.

New York, April 23 (AP).—Thomas
W. Miller, convicted of defrauding
the government of his best services
when he was alien property custod-
ian, surrendered himself to a United
States marshal today to be taken to
Atlanta Penitentiary to serve his
sentence of 18 months imprisonment.

Sumner Sumner for Quota.

Washington, April 23 (AP).—Harry
F. Sumner was summoned today to
appear before the Senate Foreign
Affairs committee for questioning
about the Continental Trading Com-
pany.

**Financial
and Commercial**

New York, April 23 (AP).—Stock
prices turned upward after an early
period of weakness today. Revival
of activity and strength in the rail-
road shares, under the leadership of
Delaware and Hudson, which soared
1 1/2 points to a new high record
for this year at 31 1/2, checked sell-
ing in other quarters. Early losses
of 1 to 12 points were substantially
reduced, or wiped out, by the mid-
day rally. Trading continued in
fairly heavy volume, sales crossing
the 2,000,000 share mark before the
end of the third hour.

Early selling was directed prin-
cipally against the tobacco stocks as
a result of the cigarette price cut-
ting war by leading manufacturers. Of-
ficial predictions that lower cigar
prices would result in large sales
and increased profits brought about
a sharp rebound in those issues.
New York transactions were again
strong.

Pools again were active in a num-
ber of specialties despite the "ears"
of a general increase in Federal Reserve
discount rates. Mexican Seaboard
Oil was run up 4 1/2 points to a new
top at 27. Patino Mines advanced
more than 3 points to a new high at
33 1/2. A. M. Myers jumped 6 points
and Gillette Safety Razor, Park and
Tifford, Loose Wiles Biscuit, Atlantic
Refining and General Asphalt sold 2
or more points higher. General Motors
rallied from a low of 185 to
187 1/2. Substantial recoveries also
were recorded by Allied Chemical,
General Electric, Lambert and other
early weak spots.

Strength of Delaware and Hudson
was reported in some quarters to
represent competitive buying in
connection with pending eastern
railroad consolidation plans. New
York and Harlem common, which is
controlled by the New York Central,
soared 45 points to 245 on odd lot
sales and the preferred jumped 50
points to 200. Pittsburgh and West
Virginia ran up more than 5 points
and New York Central, Wabash and
a few others advanced 2 points or
more.

Elroy & Co., members N. Y. Stock

ELEANOR GUNN ON FASHIONS

Sports and Other Clothes Worn at Cannes Take Their Color From the Mediterranean—Blue Prominent to Be Popular for Summer.
Cannes, France.—All along the Riviera, the smart folk of the world are sunning themselves by day and discussing their luck at the various casinos, which are the centers of interest in every community. Cannes has the reputation for the season of being the smartest—until the smartest, one should say—of the several towns strung along the cote d'azur. Here one rises early to see the beauty of the flower market, and to miss nothing of the beauty of the day. Of course, one wears sports clothes until well after luncheon, and often until dinner, but it is becoming rather more general to slip into something a bit more dressy for the tea dance, or the afternoon at the Casino.

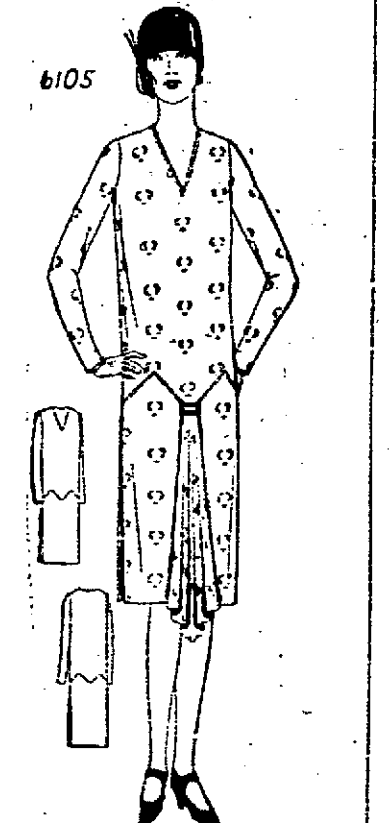

A Guppy Model is Developed With Jumper of Red Cile Crepe and Bow of Navy Crepe to Match the Skirt.

Sports clothes strike one as taking their color from the sky and that bluest of blue seas, the Mediterranean. Some of the more charming afternoon things seem to have followed their delightful lead, so that one feels no hesitancy in naming blue as the most promising color for summer.

Navy with white, or white with navy, is another interesting note, and many of the women affecting this always refreshing and nautical combination brighten it by adding the huge block scarf Chanel has designed, thereby making a combination of red, white and blue. There are a number of blue kid shoes, and blue kid belts and bags. Gloves with such costumes are white washable kid or chamouis slip-ons. OUR DAILY PATTERN.

A Pretty Frock.
6105. Printed silk, voile de soie, linen, or crepe would be attractive for this design. It may be finished with or without the drapery. The pattern is cut in 7 sizes: 34, 36, 38, 40, 42, 44 and 46 inches bust measure. To make the dress, with the drapery for a 28 inch size, will require 3 3/4 yards of 39 inch material. If the drapery is omitted 2 yards will be required. The width of the dress at the lower edge is about 1 1/2 yard. A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted. Fashion Book Notice. Send 15c in coin or stamps to The Freeman for our up-to-date Spring and Summer 1928 Book of Fashions showing color plates, and containing 500 designs of "ladies", misses' and children's patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various simple stitches), all valuable hints to the home dressmaker.

ELEANOR GUNN On Fashions

The Formality of Monte Carlo Is Responsible for the Formality Apparent from Luncheon on—Bright Colors, Including a Vivid Yellow, and Elaborate Dresses Are Features.

Monte Carlo—Before coming to, of cloth of gold or silver or again Monte Carlo for the first time, several years ago, the Casino typified for me all that was chic and elegant and brilliant. Having once crossed its portals, disillusionment was my lot. It proved to be a dreary place, in spite of its elegant appointments, and the women who were seated or standing about the various tables were for the most part a drab and sorry lot. Gambling in Monte Carlo is assuredly not the pursuit of happiness, but of gold; it is a business and as such does not command smart frocks. Of course, many smart folk seem to come here mainly to gamble, but they are in the minority. This is not merely a first impression, but one that several days' sojourn here has confirmed.

"L. L. Blue" Scores.
However, one does see the smartest sort of clothes at Monte Carlo, which, like Palm Beach, is an ideal setting for them; more ideal than either Nice or Cannes, though hardly more ideal than Palm Beach, since that is obviously impossible. Semi-tropical settings demand bright colors, and at Monte Carlo, as at Cannes, they abound, with blue in the lead. The blue Paris learned to call "L. L. blue," or, in other words, the blue launched by Lucien Lelong, is among the several shades popular.

Then there is a very vivid yellow, just the color of the mimosa trees now in blossom, and not far removed from orange. This is extremely striking and is liked mainly for the sports ensemble, which seems a direct contradiction to previous reports that sports colorings are less gay. Mimosa provides the usual exception.

Lightweight Furs Abound.
One feels that the decidedly formal setting of Monte Carlo, which is so beautifully landscaped and is, in spite of its natural beauty, so very artificial, is responsible for the elaborate dressing of the women, who are disinclined to appear before luncheon, when they blossom forth in such trappings as printed silks, flowery parasols, colored shoes, and exotic furs, if one may use such a term in connection with fur. A fur coat is more than a luxury on the Riviera; it is really necessary to one's comfort after sundown. Besides which, the fashionable furs are almost as lightweight as cloth, running to the short and even shaved varieties, sometimes banded with leather, which is beautifully worked, perhaps, by having applied bands of either leather or fur. Such coats are neutral in tone (one can easily understand why) and incline to gray and beige colorings, with white ermine and caracul for the luxurious evening wrap.

Little Beading Is Seen.
For evening, the little sleeveless jacket often made of the fabric used for the gown is an effective if not a very practical conceit. Sometimes a colored lace dress will have such a jacket, always straight line, and sometimes the jacket will be made of cloth of gold or silver or again of tulle. The shades are made in Newburgh.

Intimate facts about body odor
Try this delightful toilet soap—it deodorizes

THERE'S no hiding body odor. The faintest hint of it is sure to betray us—and prejudice people against us. You know yourself what a poor opinion you have of any one who offends. But do you realize that not one of us is safe from body odor? To live, we must perspire. Even on cool days, our millions of pores continually give off invisible perspiration—often as much as a quart of waste every 24 hours. Stop taking chances. This body moisture, whether visible or not, is always odorous. And there's no escaping it. Every one of us—from laborer to society leader—may offend unless we take precautions. Not can we tell when we are guilty. For, once an odor becomes familiar to us, our own sense of smell becomes deadened to it. Yet it's simple to avoid offending. Just wash and bathe often with the delightful toilet soap that millions enjoy—Lifebuoy—it deodorizes. The same bland and abundant antiseptic lather that helps protect health by removing germs—prevents body odor by purifying pores. Keeps complexions so fresh and clear, too. Millions favor Lifebuoy for all purposes. Note its hygienic scent. You will learn to love Lifebuoy's pleasant clean scent, which tells you Lifebuoy purifies, yet which quickly evaporates after rinsing. Use Lifebuoy a week and you'll use it for life. Get some today.
